#### HURDLE REQUIREMENT

#### **ASSESSMENT TASK 3 - MICROTEACHING**

Microteaching is the planning, presentation and evaluation of a lesson over a shortened period of time (a 10-minute mini-lesson). It is a critical aspect of method as it provides students with the opportunity to demonstrate key competencies that must be achieved before student teachers are permitted to undertake Professional Experience 1, at the same time observing other student teachers and engaging in peer review. It is recommended that students read widely on effective classroom strategies and practise aspects of their mini-lesson with a small group of peers prior to assessment.

The assessment process will consist of the following two components:

- **1.** A detailed **lesson plan using the prescribed template**, including a statement of expected learning outcomes (see assessment 1 on page 10)
- **2.** A 10-minute mini-lesson.

#### Microteaching presentation

Students should choose a 10-minute segment from one lesson plan to present to their peer group.

At some stage in your microteaching lesson, and in its subsequent presentation, **you must demonstrate the use of a literacy or numeracy strategy,** relevant to the subject content and the needs and abilities of the students you have identified in your rationale.
