4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

This subject aims to develop in each student a deeper understanding of the requirements of the Stage 6 English curriculum. During the course students will develop their knowledge of Stage 6 English syllabus documents for ESL, Standard, Advanced and Extension I and II. They will develop an understanding of the literacy and assessment demands of stage 6. Students will gain an understanding of current research into effective teaching strategies for stage 6 English.

Student-centred activities will form the basis of the course. These activities will draw on the prior knowledge of the students and will allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for the secondary students they will later teach.
