1. LOCATION

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

The content of the course provides an overview of the major research and issues that may be relevant to the development of appropriate differentiated curriculum and assessment for gifted and talented students. This course builds upon the prior knowledge gained in the introductory course EDST5808. The teaching approach will actively engage students as they discuss current theory and practice, and learn new information, strategies and skills.

5. TEACHING STRATEGIES

A variety of individualised and grouping arrangements are designed to present key information on a range of content, concepts and issues in the development of appropriate curriculum for gifted and talented students. Online small group discussions and practical activities on assessment for individual student needs and curriculum design based on interests and strengths will assist participants to become more thoroughly familiar with differentiated curriculum content, processes,
