4 hours per week online (generally 2 - 3 hours presentation of new concepts & materials, followed by case studies, practice exercises, etc)
 Distance Delivery
 All course and assignment materials, plus weekly videos (viewable in own time) are distributed online via Moodle.
 IT IS ESSENTIAL THAT ALL STUDENTS REGULARLY ACCESS THEIR OFFICIAL UNSW EMAIL ACCOUNT THROUGHOUT THE SEMESTER FOR ADDITIONAL INFORMATION AND COURSE UPDATES
 Course Coordinator and Co-Lecturer
 Professor Ian Turner @unsw.edu.au office: room 302, Civil & Environmental Engineering Building

COURSE PROGRAM

TERM 1, 2020

Week	Lecturer Topic		Assessments Due	
1	lan Turner	Waves I		
2	lan Turner	Waves II		
3	lan Turner	Beaches, Hazards, Climate Change Assignment #1 (Online)		
4	Kristen Splinter	Sediment Transport I		
5	Kristen Splinter	Sediment Transport II		
6		NO CLASSES THIS WEEK		
7	lan Turner	Breakwaters and Revetments I	Assignment #2 (Report - Turnitin)	
8	lan Turner	SITE INSPECTIONS (off-campus)		
9	lan Turner	Breakwaters and Revetments II & Beach Nourishment		
10	Kristen Splinter	Coastal/Marine Structures	Assignment #3 (Report - Turnitin)	

Please refer to Moodle for detailed information about specific content each week

ASSESSMENT

The three assignments (1 x online/timed quiz; 2 x hand-in reports) provide the opportunity for students to develop and demonstrate their understanding across the 3 main themes of this course: waves, sediment transport and coastal structures.

The open book exam enables students to demonstrate their gained knowledge and understanding across the breadth of materials covered in the course.

Supplementary Examinations f8(ge)3.997 uue.

Item	Length	Weighting	Learning outcomes assessed	Assessment Criteria

Due date and submission requirements

RELEVANT RESOURCES

Specific references will be provided at times during the subject. However, the following are recommended as generally useful.

- C Shore Protection Manual, 2 volumes, US Army Coastal Engineering Research Center, 4th Edition, 1984.
- Coastal Engineering Manual (CEM) . down load individual chapters for free at (use the search term: ±oastalg: http://www.publications.usace.army.mil/USACE-Publications/Engineer-Manuals/

**** ADDITIONAL TEXTS WILL BE DISCUSSED IN CLASS *****

DATES TO NOTE

Refer to MyUNSW for Important Dates available at:

https://student.unsw.edu.au/dates

PLAGIARISM

Beware! An assignment that includes plagiarised material will receive a 0% Fail, and students who plagiarise may fail the course. Students who plagiarise are also liable to disciplinary action, including exclusion from enrolment.

Plagiarism is the use of another persons work or ideas as if they were your own. When it is necessary or desirable to use other peoples material you should adequately acknowledge whose words or ideas they are and where you found them (giving the complete reference details, including page number(s)). The Learning Centre provides further information on what constitutes Plagiarism at:

https://student.unsw.edu.au/plagiarism

ACADEMIC ADVICE

(Formerly known as Common School Information)

For information about:

- Notes on assessments and plagiarism,
