Suggested workshop activities Thursday

ASSESSMENT

To the extent appropriate at university, assessments will reflect the kinds of deliverables expected at the professional level in

ASSESSMENT OVERVIEW

The table below contains details of all assessments and due dates planned for the CVEN4003/9000 course in 7HUP 2 2020.

Item	Length	Weighting	Learning outcomes assessed	Assessment Criteria	Due date and submission requirements	Deadline for absolute fail	Marks returned
1. Project Proposal and risk assessment	< 5 pages + HS017 form	15%	2, 3, 5, 6 and 7	This is a group assessment; peer evaluation will be used to determine an individual mark. Students are expected to display an understanding of the key issues of the project. Demonstrate an ability to plan and describe decision making processes and assess risk of field work involved in the project.	Friday 8 pm 19/06/2020 (Week 3) Submit online via Moodle	Wednesday 24/06/2020 (Week 4)	Friday 27/06/2020 (Week 4) via Moodle
2. Annotated bibliography	< 10 pages	20%	1, 4 and 8	This is an individual assessment. Students are expected to display evidence of in-depth understanding of the topic. Provide evidence of ability to research and synthesise information. Students will be marked on presentation, clarity, organisation and depth of research and demonstration of critical analysis of source content.	Friday 8 pm 03/07/2020 (Week 5) Submit online via Moodle	Tuesday 07/07/2020 (Week 5)	Monday 13/07/2020 (Week 7) via Moodle
3. Presentation	18 minutes + 5 minutes questions	20%	1, 3, and 5	This is a group assessment; peer evaluation will be used to determine an individual mark. Each student will be marked on both content and presentation technique. Students are expected to display a knowledge of their topic and communicate their findings clearly.	Thursday 12– 4pm 16/07/2020 Present online via blackboard (Week 7 workshops)	Students must present on the due date	Friday 24/07/2020 (Week 8) via Moodle
4. Final Report	< 100 pages	45%	1, 2, 3, 5, 6, 7, 8, 9	This is a group assessment; peer evaluation will be used to determine an individual mark. Students will be expected to display and communicate indepth knowledge of their project issues and solutions. Evidence of analytical thinking and problem solving as well as organisation and presentation of the report will be assessed.			l l
