

The Bachelor of Engineering Science program is a 3-year non-accredited pass degree with the following Program Structure Rules:

- 96 UOC Stream
- 36 UOC Free Electives
- 12 UOC General Education

The 96 UOC Stream requirement consists of Engineering courses from a specific BE (Hons) discipline

A minimum WAM for the courses completed while in the BEngSc program such that students will meet the BE (Hons) progression requirements when transferred; and
Any core courses failed while studying in the BE (Hons) program have been passed, as have any taken during the BEngSc program that would be core in the BE (Hons); and
Students must be in GOOD Academic Standing; and
Students can complete the BE (Hons) program within the maximum time to complete.

left before graduation may submit an application to be transferred back to the Bachelor of Engineering

(Honours) degree in their final term, and will be considered on a case by case basis. Students in this situation who are unable to submit an IPT application via myUNSW should contact Student Services instead.
