2. AIMS, LEARNING OUTCOMES AND GRADUATE ATTRIBUTES

2.1. Course Aims

he im of this course is to underst nd the engineering nd economic spects of ev lu ting of n oil field nd the issues involved in estim ting its v lue.

2.2. Learning Outcomes

- Libr ry tr ining nd support services http://www.libr ry.unsw.edu.u/
- nePetro http://www.onepetro.org

3.3. Online Resources

here renumerous rticles/inform tion sources on reservoir engineering on the web. M ny of them re sound but m ny re either very lightweight or cont in errors. Be very c reful in your choice of web sources. Remember UNSW libr ri ns re usu lly h ppy to help you loc te rticles or m ke suggestions reg rding possible m teri I to help you in your c demic work. ou c n lso ccess b sic online help t http://www.libr.ry.unsw.edu.u/

3.4. Report Writing Guide

he School h s report writing guide RW v il ble. A copy of this is v il ble on the course Moodle site.

7.5. Assignment Submissions

he School h s developed guideline to help you when submitting course ssignment.

We encour ge you to ret in copy of every ssignment submitted for ssessment for your own record either in h rdcopy or electronic form.

All ssessments must have assessment cover sheet at ched.

7.6. Late Submission of an Assignment

Full m rks for n ssignment re only possible when n ssignment is received by the due d te.

We underst ndth t times you my not be ble to submit n ssignment on time ndthe School will commod te ny fir ndre son ble extension. We would recommend you review the UNSW Speci I onsider tion guidelines see following section.

7.7. Special Consideration

ou c n pply for speci I consider tion through <u>UNSW Student entr I</u> when illness or other circumst noes interfere with your ssessment perform noe. Sickness mis dventure or other circumst noes beyond your control m y:

- Prevent you from completing course requirement
- eep you from thending n seess ble ctivity
- Stop you submitting ssess ble work for course
- Significant feet your perform noe in ssess ble work be it form I end of-semester ex min and disstest I bor tory test semin ripresent tion or ny other form of ssessment.

We skith tyour places contact the special consideration in a policity of the special consideration in the special considerat

7.9. Students Needing Additional Support

he Student Equity nd is bilities Unit SEA U imstoprovide II students with support nd profession I dvice when circumst noes my prevent students from chieving successful university eduction. ke look their webpige: www.studentequity.unsw.edu. u/

7.10. Academic Honesty and Plagiarism

our lecturer nd the University will expect your submitted ssignments re truly your own work. UNSW h s very de r guidelines on whit plugicines is nd how to void it. Plugicines is using the words or ide sof others nd presenting them is your own. Plugicines is type of intellectual theft. It can take many forms from deliber to the ting to coident lly copying from source without cknowledgement. he University his dopted in educative perochtoplugicines in dhis developed in rige of resources to support students. All the detills on plugicines including some useful resources can be found the www.student.unsw.edu. u/plugicines.

All Mining Engineering students re required to complete student ded r tion for c demic integrity which is outlined in the ssignment cover sheets. By signing this ded r tion you greeth t your work is your own origin I work.

If you need some ddition I support with your writing skills ple secont at the Le rning entre or view some of the resources on their website: www.lc.unsw.edu.u/. he Le rning entre is designed to help you improve your a demic writing and communication skills. Some students use the entre services because they refinding their ssignments and llenge others because they want to improve a lire dy successful a demic perform noe.
