Academic Honesty and Plagiarism

Your lecturer and the University will expect your submitted assignments are truly your own work. UNSW has very clear guidelines on what plagiarism is and how to avoid it. Plagiarism is using words or ideas of others and presenting them as your own. Plagiarism is a type of intellectual theft. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

The University has adopted an educative approach to plagiarism and has developed a range of resources to support students. All the education plagiarism, including some useful resources, can be found at www.student.unsw.edu.au/plagiarism

All Minor unintentional students are required to complete a student declaration for academic integrity which is counted in the assignment cover sheets. By signing this declaration, you agree that your own work is your own original work.

If you need some additional support in your writing skills, please contact the Learning Centre or view some of the resources on their website. www.lc.unsw.edu.au on[ ]   dents r i g Centre or
