

Faculty of Engineering

School of Minerals and Energy Resources Engineering

Course Outline

MINE5060

Operational Geotechnical Management

Ismet Canbulat

## CONTENTS

1. INFORMATION ABOUT THE COURSE .....	3
2. AIMS, LEARNING OUTCOMES AND GRADUATE ATTRIBUTES.....	4
3. REFERENCE RESOURCES .....	4
4. COURSE CONTENT AND LEARNING ACTIVITIES.....	5
5. COURSE ASSESSMENT .....	7
6. ASSESSMENT CRITERIA .....	9
7. STUDYING A UG COURSE IN UNSW MINERALS AND ENERGY RESOURCES ENGINEERING .....	12

## 5 COURSE ASSESSMENT

### 5.1 Assessment Summary

## 6.1 Risk assessment scope

The assessment criteria and relative weighting that will be used in assessing the Risk Assessment Scope is summarised in the following table.

Assessment Criteria *Risk Assessment Scoping*

<i>Criteria</i>	<i>Excellent</i>	<i>Good</i>	<i>Satisfactory</i>	<i>Unsatisfactory</i>	<i>Poor</i>	<i>nil</i>
-----------------	------------------	-------------	---------------------	-----------------------	-------------	------------

## 7.5 Assignment Submissions

The School has developed a guideline to help you when submitting a course assignment.

We encourage you to retain a copy of every assignment submitted for assessment for your own record either in hardcopy or electronic form.

All assessments must have a assessment cover sheet attached.

## 7.6 Late Submission of an Assignment

Full marks for an assignment are only possible when an assignment is received by the due date.

We understand that at times you may not be able to submit an assignment on time, and the School will accommodate any fair and reasonable extension. We would recommend you review the UNSW Special Consideration guidelines – see following section.

## 7.7 Special Consideration

You can apply for special consideration through [UNSW Student Central](#)

## 7.9 Students Needing Additional Support

The Student Equity and Disabilities Unit (SEADU) aims to provide all students with support and professional advice when circumstances may prevent students from achieving a successful university education. Take a look at their webpage: [www.studentequity.unsw.edu.au/](http://www.studentequity.unsw.edu.au/)

## 7.10 Academic Honesty and Plagiarism

Your lecturer and the University will expect your submitted assignments are truly your own work. UNSW has very clear guidelines on what plagiarism is and how to avoid it. Plagiarism is using the words or ideas of others and presenting them as your own. Plagiarism is a type of intellectual theft. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement. The University has adopted an educative approach to plagiarism and has developed a range of resources to support students. All the details on plagiarism, including some useful resources, can be found at [www.student.unsw.edu.au/plagiarism](http://www.student.unsw.edu.au/plagiarism).

All Mining Engineering students are required to complete assignments. All Mining Engineering students are required to complete assignments.

#### ACADEMIC REQUIREMENTS

Before submitting this assignment, the student is advised to review:

- the assessment requirements contained in the briefing document for the assignment;
  - the various matters related to assessment in the relevant Course Outline; and
  - the *Plagiarism and Academic Integrity* website at < <http://www.lc.unsw.edu.au/plagiarism/pintro.html> >
- to ensure they are familiar with the requirements to provide appropriate acknowledgement of source materials.

If after reviewing this material there is any doubt about assessment requirements, then in the first instance the student should consult with the Course Convenor and then if necessary with the Director Undergraduate Studies.

While students are generally encouraged to work with other students to enhance learning, all assignments submitted must be the student's own work. The student may be required to explain any or all parts of the assignment to the Course Convenor or other authorised persons. *Plagiarism* is using the work of others in whole or part without appropriate acknowledgement within the assignment.
