Assessment

All details of assessment tasks will be found on Moodle (link below). Team evaluation (such as WebPA) will be used to evaluate the contributions of peers to the two group projects. The remaining assessments are to be completed individually.

Assignments

Presentation

All submissions must be made through Moodle and may require uploading of your code when directed in the assignment description. No school cover sheets are required, however reports should include a title page containing your name and student number.

All submissions are expected to be neat and clearly set out. Your results are the pinnacle of
